## **Compulsory Task 1**

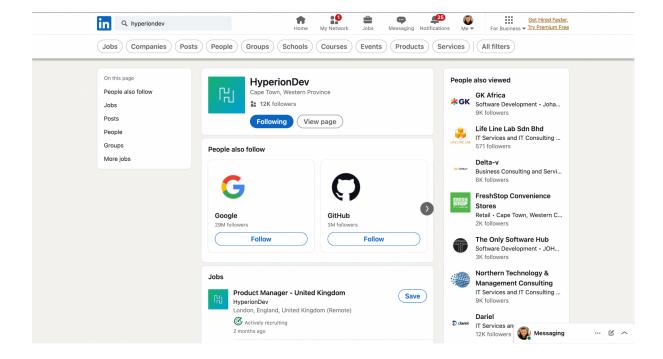

Join LinkedIn (if you haven't already) by visiting this site: https://www.linkedin.com/reg/join

I already have had a LinkedIn profile for quite some time. https://www.linkedin.com/in/marcelonicolosi/

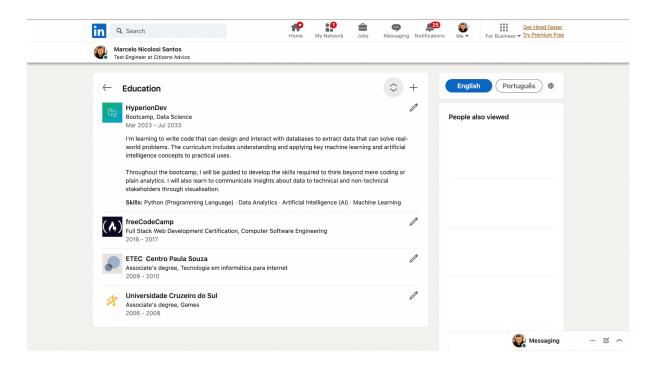

Complete your LinkedIn profile, applying the tips provided in this task and the linked article and video. If you already have a LinkedIn account you're pretty happy with, take the time to update it wherever possible by following the tips provided in this task.

Done: https://www.linkedin.com/in/marcelonicolosi/

Locate and follow the HyperionDev company page. Take a screenshot to show you have done this and paste it into your Google doc.

Remember to add the Bootcamp that you are completing with HyperionDev under your education section. Take a screenshot to show you have done this and paste it into your Google doc.

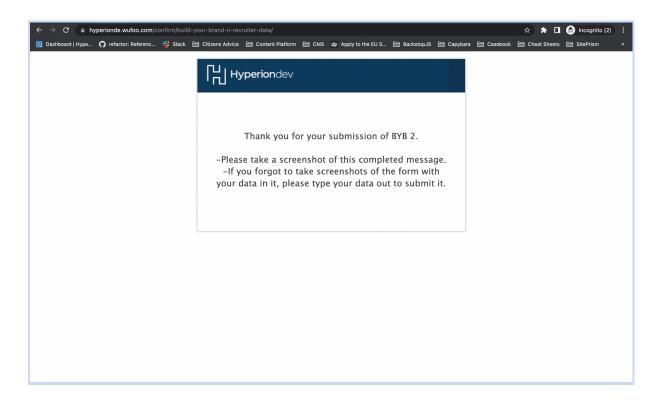

## **Compulsory Task 2**

## Follow these steps:

- Open the Job Descriptions folder in your Dropbox. Here you will find job adverts with full role descriptions for three roles relevant to Cloud Engineering, Cyber Security, Data Science, Software Engineering, and Web Development students, respectively. Locate and read carefully through the job advert relevant to the bootcamp you are taking.
- Create a version of your CV and cover letter that is relevant to the job advert you looked at. Note that, in our guidelines given in this task, we suggest that the second paragraph of your cover letter needs to show that you have spent adequate time researching the company. Our example job descriptions do not have any info about the company posting them which makes this difficult. You can research any tech company you've found job ads or tenders for contract work from online, and use it as the basis for this paragraph, in this exercise, just to get practice writing this sort of thing.
- Add a PDF of your CV and cover letter to your Dropbox.

Done! PDF of CV and Cover letter uploaded to Dropbox, please see it there.

## Compulsory Task 3

Recruiter or Contact Phone Number (if possible)

Submit

Currently employed students not looking for change
If you're currently employed and not looking for a new role yet, we encourage you to also
list a contact at your company who would be responsible for or involved in a decision for
an internal role feeds/change from text.
